PRABODH

Prabodh Group stands for an innovative movement in the business field, which creates wealth but uses it predominantly for social purpose. Thus, Prabodh is a group of entrepreneurs who conduct a cluster of professional activities, the surplus generated from which is dedicated to the work of Jnana Prabodhini, an educational trust in Pune. Prabodh, the very name indicated its origin from the educational heritage of this innovative institution called 'Jnana Prabodhini' of Pune, meaning 'Awakening through Knowledge'. The alma mater of this 50 year old institute cherishes a life long relationship with the organization which puts forth a dream of solving problems of our country through man-making education. Financial autonomy of Jnana Prabodhini is preserved by Prabodh, its

alumni, by offering Guru Dakshina - a devotional sum in gratitude, regularly.

Prabodh Group, the cluster of professional enterprises, was founded by the past students of Jnana Prabodhini in 1988 with this very objective. Here, there is a voluntary ceiling on the individual income, while the surplus goes back to the society.

It transcends the conventional concepts of modern business. Prabodh is a highly professional body in Print Expression, Manufacture, Investment, Consultation and Housing. At Prabodh, not only an efficient service is provided, but a hope for the future is incarnated in the endeavor, that is Prabodh.
