The U.S. government introduced the Foreign Account Tax Compliance Act, 2010 (FATCA) for obtaining information on accounts held by U.S. taxpayers in other countries. Further, Organization for Economic Co-operation & Development (OECD) and G20 countries agreed for automatic exchange on information through Common Reporting Standards (CRS).

The Government of India has signed an Inter-Government Agreement (IGA) with US and has also joined the Multilateral Competent Authority agreement (MCAA) for automatic sharing of information with member countries of OECD and G20. By virtue of India signing an IGA with US and joining MCAA, Indian financial institutions will have to provide the required financial information to Indian tax authorities which in turn would forward reportable information to US IRS and member countries.

In order to implement FATCA and CRS norms, all financial institutions are required to implement the procedures to identify account holders in U.S. or other jurisdictions reportable accounts, perform due diligence and collect documentary proof wherever required and to report it to respective authority.
